

LAZY SUSAN BEARINGS

Triangle's lazy susan bearings are manufactured to the highest quality standards with the best materials and a reliable, consistent and accurate design process.

Standard, smooth-gliding bearings come in electroplate zinc coatings in 3", 4" and 6" square or 9" and 12" round. Greased bearings are available factory-direct, at a minimal added cost.

If you are looking for a custom, cost-effective product in larger volumes, Triangle Manufacturing offers engineering and design services.

Lazy susans are available with:

- Plating
- Customizable detents
- Stops
- Mounting holes
- Open center for cable pass-through
