

MOTOR MOUNTS

Designed for the residential and commercial HVAC industry, our motor mounts are considered to be the most durable and affordable units available on the market.

- Built for over the last 40 years as a modular system to reflect HVAC needs as they evolve
- Either in three- or four-arm units
- Our galvanized steel motor mounts are unique, easy to install and flexible
- Bellybands available for 42, 48, and 56 frame size motors
- Motor diameters ranging from 4.4" to 6.5"
- Triangle can custom design positions (angles) of the arms for both standard and heavy duty applications

BENEFITS

- Completely and utterly customizable
- Sturdy and strong revolutionary design for heavy duty vibration suppression
- Low cost
- Knock down assembly drastically reduces shipping costs
- Require minimal storage space along with Just-In-Time delivery
- Adaptable to efficient assembling
- Flexible design
- Designed for blowers 7" to 26" in diameter

“Triangle Mounts beat anyone else, they have a low failure rate and are the most reliable mounts in the industry”

- Large blower manufacturer
